15 May 1973

MEMORANDUM FOR: Director of Research and Development,
(DD/S&T)

25X1 ATTENTION :

SUBJECT : Research Proposal Regarding Potential
Application of Immunologic Methods for
Detection of Morphine Abuse and
Addiction

1. This is to advise that it is felt that this research would be of prime interest to this Office, as this Office is the focal point in determining whether or not applicants for Agency employment and/or agents who are being considered for use by the Deputy Director for Operations are involved in any hard drug usage.

2. In particular, in Southeast Asia where this Agency is trying its best to work against drug traffic,

25X1

I, therefore, feel that this research, if successful, would be of great benefit to this Office.

25X1

Deputy Director of Security
for Personnel Security
